CATHOLIC FAITH AND PRACTICE IN ENGLAND, 1779-1992

The Role of Revivalism and Renewal
MARGARET H. TURNHAM

This book traces the changing social make-up and religious practices of a typical diocese, within a period of great change for the Catholic Church. It shows how English Catholic faith and practice were influenced by social, cultural and geographical factors, how Roman Catholicism can indeed be seen as part of the Evangelical spectrum of religious experience, and, above all, how ordinary Catholics lived their faith.

THE GAGES OF HENGRAVE AND SUFFOLK CATHOLICISM

FRANCIS YOUNG

For almost 250 years the Gages of Hengrave Hall, near Bury St Edmunds, were the leading Roman Catholic family in Suffolk, and the sponsors and protectors of most Catholic missionary endeavours in the western half of the county. This book traces their rise from an offshoot of a Sussex recusant family, to the extinction of the senior line in 1767, setting them as part of the wider Catholic community in west Suffolk.

THE LAST GENERATION OF ENGLISH CATHOLIC CLERGY
Parish Priests in the Diocese of Coventry and Lichfield
TIM COOPER

Using the records of Coventry and Lichfield in the early 16th century, Cooper traces the careers of the pastoral clergy from their preparatory education, through ordination and job-hunting, to the writing of their wills, often in ripe old age and having served a single parish through the entirety of the main period of reform.

Has usefully filled a gaping lacuna in the study of the pre-Reformation parish clergy. CATHOLIC HISTORICAL REVIEW
